Subject: RE: Supplemental comments regarding Gunnison Copper Project Class III Draft Underground Injection Control Permit

Dear Ms. Rumrill,

I strongly oppose the Draft Class III Underground Injection Control Permit (UIC) for Excelsior Mining's Gunnison Copper Project located in Cochise County, Arizona.

- I have seen the deleterious effects of copper mining in Yavapai and Gila counties in Arizona.
- The inability of lands to recover in areas of such meager rainfall has long been known.
- Water, truly our most precious resource, is becoming more and more scarce, both in terms of quantity and quality.

Please remember: You represent the ENVIRONMENTAL PROTECTION AGENCY. Do not permit this deplorable project to go forward.

Respectfully,

Ms. Kay Foster
